

# Product Inspection Report

All customers of uNeediRent LLC must thoroughly inspect each item on this report upon delivery of the order.

I, \_\_\_\_\_, of \_\_\_\_\_, \_\_\_\_\_, have properly and thoroughly inspected each item on this purchase order to ensure any and all prior damage/use of these items has not in any way caused the items to be deemed unusable or unsafe for me, my family, or anyone else in my party to rent.

If any item on the rental order is considered to be unusable or unsafe, it will be stated in the report below, and either another similar item will be substituted, or that specific item's rental price will be refunded in full to the customer, \_\_\_\_\_.

In the event that an item is returned to uNeediRent LLC and considered to have significant damage or completely broken parts, uNeediRent LLC has the authority to, if determined due to the damage and broken parts that this item is now unusable or not rentable in the future, to charge the customer, \_\_\_\_\_, for the repair or replacement of the item (see "damage and loss" in rental agreement).
